

Imagine

A PLACE WHERE LEARNING NEVER STOPS

Where you start in your career at Travelers is only the beginning. With thousands of different jobs around the world, the only limit to opportunity is your ambition and imagination. What you learn in one area can lead to unexpected places, into careers you may have never imagined.

As a Business Insights & Analytics Leadership Development Program participant you'll grow your ability to think analytically, while enhancing your technical and solution design skills. You'll work with cutting-edge technologies in a collaborative culture and receive hands-on training that positions you for success, all while you're learning to lead initiatives and projects. You'll forge business partnerships as you create ways to deliver value and leverage business intelligence and geospatial tools that turn insights into actionable business plans.

A BUSINESS INSIGHTS & ANALYTICS CANDIDATE HAS:

An undergraduate or graduate degree in Business Information Systems, Cognitive Science, Computer Engineering, Computer Science/Technology, Economics/Econometrics, GIS/MIS, Mathematics, or other data-related majors.

Intellectual curiosity about utilizing data to make insights and improve process, strong judgment and decision making skills, and a passion for client service.

Learning agility for dashboarding, querying, and database technologies to influence and deliver quality projects.

A GEOSPATIAL CANDIDATE HAS:

An undergraduate or graduate degree with major/minor focus in Geography or Geographic Information Sciences (GIS).

Enthusiasm and motivation to take on new technologies and innovative projects, meticulous attention to detail, and strong presentation skills.

Previous GIS or Geospatial internship experience (preferred), strong working experience with ESRI ArcGIS suite, and an accompaniment of strong python programming literacy preferred.

Our employees across the world competed in the Innovation Jam to bring new ideas to life and revolutionize the ways in which we do business.

WORK + PLAY

In BI&A LDP, the challenging and innovative work is only half of the fun.

- **Huddles.** Develop your awareness of projects across the enterprise.
- **Innovation Jam.** Transform our business with new ideas at this hack-a-thon style event.
- **Optional Rotations.** Tailor your own development with projects and assignments.
- **Cutting-Edge Technologies.** Learn about latest dashboarding, querying, and geospatial technologies.
- **Development Resources.** Accelerate your socialization to Travelers with the help of peer advisors and mentors.
- **Tailored Curriculum.** Thrive in one of our 6 data & analytics job families through BI&A LDP's course offerings – based on 50+ competencies!

BI&A LDP hosts a variety of engaging events that enables you to build a strong cohort of peers resulting in making a big place feel a lot smaller.

LOCATIONS

Hartford, CT and St. Paul, MN. Participants may have the opportunity for a rotation in another office location. Rotations may require relocation.

“The BI&A LDP provides me with the opportunity to reach new heights and achieve set goals. It taught me how to respond to different challenges with intelligence, strategy and expertise. One of the many things I like about being part of this program is the strong support system that I got to build over the past three years. Through networking with different professionals from executive sponsors, program managers, program alumni to my own peers, I was able to create a social network that allowed me to share thoughts, experiences and achieve personal and professional goals!”

– Hakema, BI&A LDP Participant

DID YOU KNOW?

Our employees are impressive. Doing the right thing is at the heart of our culture, and that includes doing right by our communities.

\$5.5 million provided toward COVID-19 global relief efforts in 2020

76 homes fortified in 5 states through our SBP partnership in 2020

250 young women and parents attended our 4 leadership summits in 2020

\$23 million donated to the communities where we live and work in 2020
