Day 1  
Wednesday, October 6  
We’ll bust through the myths about what it looks like to lead a business school. How do leadership qualities shift over the course of one’s academic career and what do you need to do now to prepare for tomorrow?

Day 2  
Thursday, October 7  
How can we disrupt the traditional roles in a business education and ensure that we are a part of any future we make? The future is bright, let’s get you where you need to go.

Day 3  
Friday, October 8  
How are we establishing a diversity enabling infrastructure in our institutions and among our stakeholders? Creating deep impact across an institution takes allies.

I’m so impressed with the array of events and the resources you and the team have put together.  
~Liesl Riddle, Associate Dean, George Washington University Business School
