The KPMG Foundation proactively connects with and supports organizations that share our values and commitment to community sustainability and workforce development. Its work includes funding universities, professorships, and academic research; facilitating volunteerism; building and sustaining a pipeline of diverse future leaders; and expanding community outreach. The 15 members of the Board of Trustees oversee the Foundation's programs, approve fiscal year grants and operating budgets, and ensure alignment of the Foundation's work with KPMG LLP's corporate responsibility Initiatives.

Please join us in congratulating and welcoming Carrie, Jackie, Sue, Emmanuel, and Maria to the KPMG Foundation Board of Trustees, and in thanking Kathy, Christine, Laurel, and Milford for their service.
