## UnitedHealth Group Total Rewards

Effective Jan. 1, 2022

### Health & Well-being Benefits

Our mission is to help people live healthier lives and help the health care system work better for everyone. This includes you and your family. UnitedHealth Group gives you the programs and resources that support you in living a healthier life and managing health care costs. Generally, health and well-being benefits are available to employees who work at least 20 hours per week. You and the company contribute to the cost of coverage for you and your eligible dependents. For most benefits, you pay your share of premiums on a pretax basis through convenient payroll deductions.

#### Medical Plans

UnitedHealth Group offers two types of medical plans for you and your family. Plan eligibility is based on your home ZIP code. The two types of plans are:

**Copay plans** offer cost predictability and member simplicity. For many people, predictable health care costs are essential to maintaining a balanced budget.

**HSA-eligible plans** allow you to take charge of your health. You get the most from your coverage when you actively engage in your health care and decision-making. These plans offer tax benefits, including a savings opportunity through the Health Savings Account (HSA) which can be used for qualified medical expenses now and in the future.

All medical plans cover in-network preventive care at 100% and you'll pay only a copay for preventive prescription drugs.

## UnitedHealth Group 2022 Total Rewards

Note: All medical plans are eligible to use a tax-advantaged health care flexible spending account to pay for eligible health care expenses.

When choosing a medical plan, it's important to carefully consider all of the relevant factors and decide what's most important to you and your family such as premiums, out-of-pocket costs when you or a family member needs care, and other variables, like whether your doctor is in network.

While it's important for you to understand and weigh the differences in the medical plans offered, rest assured that all of them offer many great benefits: in-network preventive care is covered at 100%, access to high quality providers, free or low-cost virtual visits, free diabetic supplies and a free mail order benefit for insulin, and much more.

### Rewards for Health

If you enroll in an eligible medical plan you can participate in Rewards for Health, our personalized well-being program. When you complete recommended activities, earn\* up to

- \$800 for you.
- \$950 for you and your covered children.
- \$1,600 for you and your covered spouse/domestic partner.

\*Rewards earned are based on the actions of the employee and covered spouse/domestic partner. Children do not earn rewards.

### Dental Plans

The two dental plan options, Basic and Comprehensive, allow you to see any dentist, but you'll receive a higher level of benefit when you see a network dentist. Both options cover preventive services, such as cleanings, at 100%, even if you've hit your annual limit.

The Basic option provides coverage for basic services, including oral exams, cleanings, X-rays, fillings and root canals. The Comprehensive option provides coverage for basic services, as well as major services, such as crowns, inlays and dentures, and orthodontia services for eligible dependents up to age 19.

### Vision Plans

The three vision plan options — Exam Only, Exam & Materials and Exam & Materials Plus — provide access to the UnitedHealthcare Vision nationwide network of private practice optometrists and ophthalmologists, as well as conveniently located retail stores. You also have access to Warby Parker's designer prescription eyewear online or at stores nationwide. With all three options, you can receive care from any provider, but you will pay less when you see a UnitedHealthcare Vision network provider.

The Exam Only option covers a yearly eye exam for a copay. The Exam & Materials option provides coverage for an annual eye exam and vision-related services and materials, including frames, lenses and contact lenses (in lieu of glasses). The Exam & Materials Plus option includes certain other lenses and lens coatings when you obtain them from a UnitedHealthcare Vision network provider.
