INFORMATION GUIDE
EEI SO/PD II
(SYSTEM OPERATOR/POWER
DISPATCHER) TEST BATTERY

TEST #5209

INTRODUCTION

The **5209 EEI SO/PD II Test** is composed of four tests, designed and validated to aid in the selection of candidates for electrical utility system operator or power dispatching positions. This test was validated for positions including: System Operator, Substation Operator, Operator Trainee, Dispatcher Clerk, and Dispatcher Specialist.

TEST SESSION

It is important that you follow the directions of the Test Administrator exactly. If you have any questions about the testing session, be sure to ask the Test Administrator before the testing begins. During testing, you may **NOT** leave the room, talk, smoke, eat, or drink. Since some tests take several hours, you should consider these factors before the test begins.

All cellular/mobile phones, pagers or other electronic equipment will NOT be allowed in the testing area.

Your answers to the questions are multiple-choice and will be read by a scanner. For your answers to be read accurately by the scanner, you must fill in the circles completely and erase completely any answer you wish to change.

Expect to be at the testing session for approximately 2-1/2 hours. No study aids are allowed when taking this test.

INFORMATION GUIDE FEEDBACK

At the end of this Guide you have been provided with a Information Guide Feedback page. If a procedure or policy has changed, making any part of this Guide incorrect, your feedback would be appreciated so that corrections can be made.

SO/PD II STUDY MATERIALS STEP-BY-STEP INSTRUCTIONS

To help you prepare for this test, Edison Electric Institute, the test developer, has prepared an informational brochure and detailed practice tests. We recommend that you read through all practice tests and the brochure. The materials are online and are accessible from any computer with internet access. From the websites you may read or print the materials.

***NOTE:** Pop-up blockers may not allow the website to run correctly. If you use Pop-up blockers, it is recommended that they be turned off prior to accessing the site.
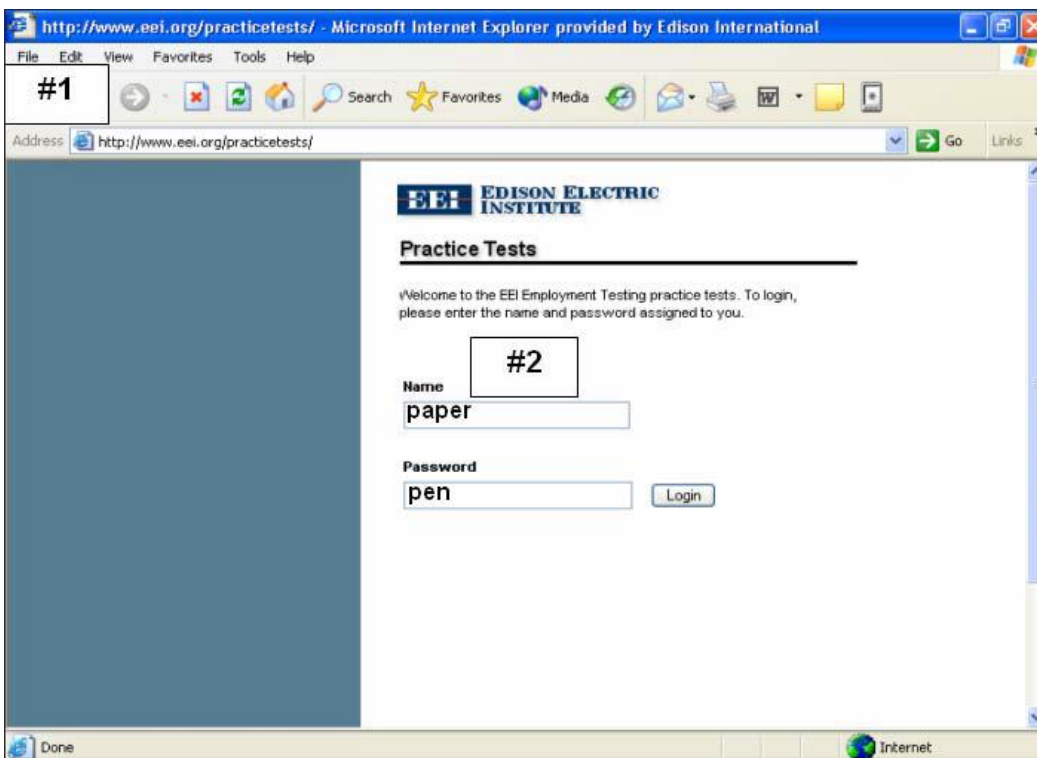

From any computer with internet access, type https://secure.eei.org/eeitests/onlineproducts/ in the address bar to access the practice tests and test brochure. Type the above address exactly as written.

Both sites require the same username and password, assigned to Southern California Edison. To log in to the sites, enter the following information (case sensitive).

Name: paper
Password: pen

EXAMPLE:

Click on "System Operator/Power Dispatching II" (found on the left hand side of the webpage). From there you will be able to access the specific practice test modules or test brochure. You may print the documents if you wish.

TROUBLESHOOTING GUIDE TO FREQUENTLY EXPERIENCED PROBLEMS

Pop-up blockers may interfere with your ability to access the study materials and practice tests. If you have pop-up blocker software installed, you may need to temporarily disable it. Contact your Internet Service Provider (America Online – AOL, Earthlink, MSN, Verizon Online, etc).

Anti-virus software (Norton Antivirus, Symantec, etc) may interfere with your ability to access the materials. If you are experiencing problems, you may want to consider temporarily adjusting the settings on your anti-virus software.

If you experience an error message, such as "Internal Server Error," simply close your browser window, wait a few minutes, and try again.

If you are still having problems, please call EEI at the help number listed on the website.

INFORMATION GUIDE FEEDBACK

Please use this page to notify us of any changes in policies, procedures, or materials affecting this guide. Once completed, return to:
