

# PGY-1 Pharmacy Residency Program

## The Institution

Founded in 1902, Anne Arundel Medical Center (AAMC) includes a 425 bed not-for-profit hospital, a medical group, imaging services, a substance use treatment center, and other health enterprises. AAMC is nationally recognized for its joint replacement center, emergency heart attack response and cancer care. A leader in women's services, AAMC ranks second in Maryland for number of births annually and has a Level III neonatal intensive care unit. With more than 1,100 medical staff members, 4,700 employees and 750 volunteers, AAMC consistently receives awards for quality, patient satisfaction and innovation. The medical center is centrally located in beautiful Annapolis, MD, often referred to as the "Sailing Capital of the World."

## The Residency

The AAMC Pharmacy will welcome its second class of pharmacy residents to the PGY-1 Pharmacy Practice Residency Program in July 2019. The 12-month candidate ASHP PGY-1 program is designed to prepare pharmacists for general and specialized clinical pharmacy practice. Individuals completing the program will be able to provide direct patient care in a broad range of both inpatient and outpatient clinical practice settings. Pharmacy experiential settings include Acute Inpatient Care, Women's and Children's Pharmacy, Ambulatory and Employee/Outpatient Pharmacy, Anticoagulation Clinic, Outpatient Infusion Center Pharmacy and Ambulatory Care Pharmacy Services. These expanded services provide many opportunities to gain experience within a variety of therapeutic areas including intensive care, oncology, infectious disease, geriatrics, and pediatrics.
