

Graduate Opportunities

Europe

Welcome to Willis Towers Watson Graduate Programs for Europe. We offer graduate positions across our business segments. Willis Towers Watson is a great place to start your career!

We seek articulate, empathetic and intellectually curious graduates. Our work means that we find solutions for clients that are tailored to meet their specific needs and that are adaptable to volatile conditions or changes in their requirements.

We are looking for talented and intellectually curious university students to kick-start their careers within the following two [business segments](#):

Human Capital and Benefits

Willis Towers Watson helps clients develop strategies and programs that drive higher levels of employee engagement and performance on the job. We offer Core Business Graduate positions across our Human Capital and Benefits segment, in the practice areas below:

- Rewards
- Global Data Services
- Global Solution Services
- Talent
- Retirement

Investment, Risk and Reinsurance

We recruit Actuarial, Investment and Software Developer graduates within our Investment, Risk and Reinsurance (IRR) business segment, in the areas below:

- Investment
- Software Solutions
