

# Imagine

A PLACE WHERE  
LEARNING NEVER STOPS.

Where you start in your career at Travelers is only the beginning. With thousands of different jobs around the world, the only limit to opportunity is your ambition and imagination. What you learn in one area can lead to unexpected places, into careers you may have never imagined.

During this rotational program, you'll experience facets of Product Management, joining either our Personal Insurance or Business Insurance Select Accounts team. After 12 weeks of training on insurance, actuarial, underwriting, and technology, you'll work alongside members of our leadership teams, strengthening your abilities to think critically, creatively, and strategically. In the end, you'll land an impactful Product Management role, joining a diverse group of alumni and leaders across the organization.
