

Imagine

A PLACE WHERE
LEARNING NEVER STOPS.

Where you start in your career at Travelers is only the beginning. With thousands of different jobs around the world, the only limit to opportunity is your ambition and imagination. What you learn in one area can lead to unexpected places, into careers you may have never imagined.

During this one year training program, you'll learn coverage, underwriting and sales through a blend of classroom training, experiential learning, and hands-on work. You'll spend time in your field office working on accounts, visiting agencies, and networking, as well as in classes at our Hartford and St. Paul campuses developing technical and sales skills. At the completion of the trainee year, you'll manage your own book of business and continue on the path of an impactful underwriting career.

"Underwriting is the best of both worlds. It allows me to challenge myself with technical information and gives me the chance to build relationships with agents outside of the office. I like being able to balance two difficult skills every day because that means I'm continuously growing as a person. Travelers has a strong commitment to its employees and a culture centered on collaboration. The company truly invests in the education of its employees and goes above and beyond to help people succeed in their career." - **Morgan, BI UPDP Participant**

THE UNDERWRITING PROFESSIONAL DEVELOPMENT CANDIDATE HAS:

A bachelor's Degree (GPA 3.0 or above) in Business Administration, Communications, Risk Management, Economics, Finance, Insurance, Marketing, or similar **OR** one year of relevant property casualty work experience.

Excellent communication and presentation skills, as well as an ability to think analytically about business problems, make recommendations and propose solutions.

A valid driver's license, and willingness to travel to Hartford, CT and St. Paul, MN for several weeks at a time.

We love sharing our passion about the insurance industry and the work we do here at Travelers.

“The UPDP program was extremely helpful in teaching me the foundations of each coverage we provide, and helped me understand how each coverage responds. I enjoyed the program because it was an interactive hands-on learning experience which allowed me to ask questions and understand insurance on a broader basis. Travelers has a strong commitment to investing in their employees and providing us with the resources to be successful. The company truly believes in the saying “together we succeed.” When rising to the challenge, Travelers has taught me to keep it personal, while continuing to be productive and doing it with passion.” **- Angel, BI UPDP Participant**
