

Imagine

A PLACE WHERE
LEARNING NEVER STOPS.

Where you start in your career at Travelers is only the beginning. With thousands of different jobs around the world, the only limit to opportunity is your ambition and imagination. What you learn in one area can lead to unexpected places, into careers you may have never imagined.

In this program, you'll work side-by-side with senior fire investigators, gaining 150 hours of real world experience at fire scenes. You'll apply critical thinking and use the scientific method to dismantle complex problems through to a logical conclusion. You'll travel right to the scene, collecting, identifying and safeguarding all evidence as you work to determine an origin and cause.

"I've had the opportunity to apply my classroom knowledge to real-life fire investigations. I travel to fire scenes, shadowing and assisting fire investigators with tasks like documenting fire scenes, performing arc mapping to determine the fire's point of origin, conducting witness interviews, and collecting evidence. It is truly an honor to work with a team of people who are always willing to share their expertise with me." - **Kyle, Fire Investigative Development Program Participant**

OUR FIRE INVESTIGATIVE DEVELOPMENT PROGRAM CANDIDATES ARE:

College graduates who majored in Fire Investigation. Knowledgeable in NFPA 921 and NFPA 1033 guidelines and standards, as well as rules of evidence, procedural law, and other protocols/regulations.

Analytical thinkers who are passionate about fire investigation and have an ability to use abstract reasoning and problem solving skills to form conclusions.

Self-motivated, able to adapt to changes in process and shifting priorities, and able to demonstrate significant planning and goal setting skills.

WHY APPLY?

IMPACT

ability to influence the business, your peers, the place

PEOPLE

great colleagues, collaborative work environment

VARIETY

work on diverse projects on cross-functional business teams

POSITIVE CULTURE

work hard and have fun doing it

TRAINING & SUPPORT

learn the skills and get the support you need to succeed
