What is ADP doing to keep me safe at work, during COVID-19?

ADP is doing many things to make the environment safe for a return to the office. To name some:

- Implementing policies and procedures to keep everyone safe
- Enhancing climate control systems for increased airflow and filtration
- Providing hand sanitizer and cleaning supplies for personal office equipment
- Providing associate training on new protocols
- Reconfiguring workspaces to allow for proper social distancing
- Implementing daily cleaning regiments with increased frequency
- Implementing seating capacity limits
- Updating cleaning and disinfecting protocols
- And more
